A.C.E Executive Boss Plan

The **A.C.E Executive Boss** plan is an affordable international health plan that provides access to high-end healthcare at exclusive medical facilities in Nigeria and worldwide*. It gives you comprehensive cover at medical centres of excellence across Nigeria up to the tune of **₦10 million**. This is expanded to include international cover in the event of **acute and critical conditions such as cancer, heart attack, kidney failure, stroke, etc.**, as well as life-threatening emergencies resulting from **domestic and other types of accidents** up to the tune of **\$500,000**.

It covers the cost of your emergency medical evacuation (and repatriation), treatment abroad, and rehabilitation as well as the travel and accommodation costs of an accompanying relative, all at an affordable premium.

Countries covered: United Kingdom, India, South Africa, UAE, Singapore, Turkey, Israel, Italy, etc.

***Except the United States of America**

Why do you need it?

The A.C.E. Executive Boss plan offers the best of both worlds: robust healthcare cover in Nigeria and emergency cover abroad!

With this plan, you have access to top-range medical services in Nigeria for your outpatient (hospital visits, consultations, dental and optical care, advanced lab investigations, comprehensive wellness checks as well as maternity services) and in-patient care (surgeries, admissions).

In addition, it provides international cover for critical or acute conditions and life-threatening emergencies like cancer, heart attack, kidney failure, stroke, gunshot wounds, serious burns, car accidents, etc. It saves you and your loved ones from the burden of catastrophic treatment and rehabilitation costs, international evacuation logistics and time spent understanding and navigating the vast network of healthcare facilities available worldwide.

When you have the A.C.E. Executive Boss plan, our team of experts coordinates the entire process, thus increasing your chances of survival and restoration to full health.
